

Custom Pavilion Barbecue Islands

Quality standards are at the core of every Cal Flame Outdoor Kitchen. From the inside out, the quality construction is undeniable. Each BBQ Island begins with a sturdy metal frame constructed from commercial-grade 16-Gauge Galvanized Steel. For added durability and moisture resistance, the island is dressed in a Hardibacker ceramic tile backer board. Your outdoor kitchen is then finished in the material of your choice and fitted with the cooking equipment you selected. Additionally, with premium electronic options to choose from, you can build a complete personalized entertainment center outdoors!
