Luxury Barbecue Kitchens (LBK)

Quality standards are at the core of every Cal Flame Outdoor Kitchen. From the inside out, the quality construction is undeniable. Each BBQ Island begins with a sturdy metal frame constructed from commercial-grade 16-Gauge Galvanized Steel. For added durability and moisture resistance, the island is dressed in a Hardibacker ceramic tile backer board. Your outdoor kitchen is then finished in the material of your choice and with premium electronic options to choose from, you can build a complete personalized entertainment center outdoors!
